OUTFALL TO BE FINISHED

Government Will Do the Work.

MAMMOTH UNDERTAKING

Bids Refused for Job by Contract and It Will be Done by Day Labor.

The sewer outfall is to be completed by the Territorial Government. This was decided by Superintendent McCandless yesterday after presenting the bids at the Council meeting.

None of the bids seemed satisfactory to the Department of Public Works and it is believed that the work can be done by the Government at a far smaller cost than if the bids had been accepted.

Assistant Superintendent Rowell said yesterday that the work would be commenced on the outfall. "We shall have to employ about thirty additional laborers on the work," said he, "and probably another engineer. We shall begin to get the material together for the work as soon as possible and we shall have to send to the Coast for some machinery."

"How long it will take us to complete the work is something that we cannot say, for it depends entirely on what success we have at the outset."

"It has been suggested that we might use oil for the purpose of keeping down the surf where it breaks along the end of the present work, but I do not believe myself that that would do much good. Oil is only useful where it is desired to keep seas from breaking over a vessel. Along shores where the surf is coming in I do not believe that oil would do any good. Besides the surf does not bother greatly and I do not believe that we shall find that it will interfere with the work."

It is several months since any work has been done on the outfall. The former contractors were so long about completing it that the Government took the contract away from them and advertised for new bids. Twice this was done but none of the bids was satisfactory and besides there was a lack of funds in the Treasury.

So it was decided to take the matter into the hands of the Government and complete it by day labor.

The outfall is a work of considerable magnitude and has already cost the Government a large amount of money. At the beach in Kakaako there is a fine big pumping plant and a large chamber from which the sewage is to be pumped by means of a pipe that is to be extended nearly a mile out to sea under the surf. By soundings and measurements of the sea currents it was ascertained that from the end of this pipe the sewage would be drawn far out to sea and would not return to bother along the shore.

The completion of the outfall is absolutely necessary to the efficiency of the sewer and while it is an expensive undertaking it will prove of great benefit to the sanitation of the city.

Mr. McCandless to do as he thought fit.

Land Commissioner Brown reported the application of L. L. McCandless for the purchase of certain property at Pearl Harbor which is advertised for re-lease. Mr. McCandless wanted to purchase at the upset price of \$2000, but it was decided that as the property was bringing in a good revenue under lease it would not be the policy of the Government to sell it.

Must Register Stills.

It is not generally known here that every person who has a still of any kind, even if used only to distill water must register with Internal Revenue Collector Haywood. Many of the drug firms which have stills where distilled water is made have already done this and all others are requested to do so as they will be subject to fine and imprisonment otherwise, as well as liable to have their stills destroyed. The American law is very strict on the subject.

DOAN'S BACKACHE KIDNEY PILLS

Which is Better: To Try an Experiment, or Profit By a Honolulu Citizen's Experience?

Something new is an experiment. Must be proven to be as represented. Be successful at home or you doubt it.

The manufacturer's statement is not convincing proof of merit. But the endorsement of friends is. Now, supposing you had a weak back.

A lame, or aching one. Would you experiment on it? You will read of many so-called cures.

But they come from far-away places. It's different when the endorsement comes from home.

Always remember, Home endorsement is the proof that backs every box of Doan's Backache Kidney Pills.

Mr. H. S. Swinton, of this city, says: "I was a long sufferer from backache, having been afflicted with it for twelve years. Taking this as a symptom of kidney trouble, and seeing Doan's Backache Kidney Pills advertised as being good for complaints such as mine, I procured some of them at the Hollister Drug Co.'s store. I found upon taking them that they were doing me good, and was thereby encouraged to keep on until now I am cured of the backache. The merits of Doan's Backache Kidney Pills have been strikingly shown in my case, and I recommend them to other sufferers."

Doan's Backache Kidney Pills always have the picture of a leaf on the wrapper. In asking for Doan's Backache Kidney Pills ask for the kind which cured Mr. Swinton, and see that the leaf is on the wrapper.

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

WHERE DID HE GET IT?

Mokuula Swindled With a California Public Stamp.

Mokuula, the native accused of impersonating an officer and collecting toll from Portuguese and Chinese storekeepers by threatening to take away their licenses, was in court yesterday. The stamp which the shrewd cheat made use of in stamping their licenses was found to be one belonging to the Department of Public Instruction of California. It was one of the rubber stamp kind and bore the following inscription: "Department of Public Instruction, Pine Creek District Library, Sierra County, State of California."

Children's Worst Foe.

Children show symptoms of disease quicker than grown people, and are accordingly easy to treat for all troubles. The worst foes of children are worms, but their presence can be readily detected and speedily removed. When a child becomes restless in sleep, picks at its nose, grips its teeth, has an irregular appetite, is nervously irritable, and has bad breath, it is a victim of worms' work. There is just one way to treat worms—that is to kill them. Kickapoo Indian Worm Killer is the one medicine that will kill them. Don't waste time on any other treatment, and don't waste money on any other medicine, for Kickapoo Indian Worm Killer is the safest, surest, promptest and most permanent relief from worms. IT WAS THE WRONG MULE

BUT THE RIGHT FINE

MANAGER PAIN of the Tramways Company has ideas of his own as to what constitutes cruelty to animals. They do not generally accord with those of humanitarians, or sometimes with those of Judge Wilcox.

Yesterday morning, however, Manager Paine capped the climax by protesting for His Honor's observation a mule which was not so badly battered or treated as most of those in the employ of the Tramways Company or the "bus line." He forgot even to bring the right mule to fit the case which was on the Police Court calendar.

On Tuesday afternoon Policeman Hanrahan arrested Poal, driver of "bus 120, for driving a mule which was unfit for service of any kind, much less that of drawing a heavy vehicle up Nuuanu hill. The mule was injured in its hind legs and was able to stand only on the tips of his hind feet. The tendons were drawn from overwork and from the strain of drawing a "bus up hill. The animal was seen by a number of people at the police station.

Manager Paine or his stable boss conceived the idea that if another mule were brought to the station house it would make a material difference in the result of the case.

When questioned as to why the wrong mule had been brought to court, the men in charge protested that they did not know a mistake had occurred. It was an accident, they said.

Judge Wilcox said he was not to be uncoined by such maneuvers, and Poal was fined \$5 and costs for cruelty to the "other" mule. The defense relied on the statement that the mule was not sufficient to cause any torture.

Judge Wilcox gave a gentle "roast" for the education of Manager Paine and his drivers. He stated the defense usually made some pretext or other to get out of meeting their cases squarely.
